

## MUG TEMPLATE

210 X 80<sub>MM</sub>

### Safe Zone — — — —

Text and other important information should be placed inside the safe zone indicated by the dashed green line.

### Bleed Line — — — —

This is the line where we cut to give you an edge to edge finish.

### Colours

CMYK colour mode should be used for your artwork and for all imported images.

### Your artwork layer

Create your artwork on the layer called **Your Artwork**. The **Template Layer** will not print so there's no need to delete this from your finished work.

**CMYK**

design | copy | print
